**12: Gabriel andvaka Kjotvason** - New Alternate Name  
*Andrea Auditore da Venezia*

Submitter desires a masculine name.  
No major changes.  
Language (16th century Venice) most important.  
Culture (16th century Venice) most important.

Andrea: Andrea is found in Uckelman, "Fifteenth Century Venetian Masculine Names", 2004.  
<http://www.ellipsis.cx/~liana/names/italian/venice.html> (accessed at 12:01 p.m. on 5/10/2013).

Auditore: A 1598 Italian to English Dictionary translates "auditore" to an "auditor". Florio, "A Worlde of Words", 1598, reprinted in facsimile in the series, Fabian, et al., "Anglistica & Americana", 1972.

A sixteenth century book shows that an "auditor" is a type of judge in Venice at that time. Unfortunately the book is only in English. Contarini, "The Commonwealth and Government of Venice" pgs 99-102. translated and published in English by Edmund Mattes in 1599.

<http://sceti.library.upenn.edu/sceti/printedbooksNew/index.cfm?TextID=contarini> (accessed 12:10 p.m. on 5/10/2013).

Occupational surnames are known to exist in sixteenth century Venice. Smith, "Names from Sixteenth Century Venice", 2008, rvsd 2009. <http://www.s-gabriel.org/names/juliana/16thcvenice.html> (accessed at 12:13 p.m. on 5/10/2013).

While the occupational surname "Auditore" is not known to exist, as "Auditore" is translated to auditor at that time, and an "auditor" is an occupation, "Auditore" is likely to be an acceptable occupational surname in sixteenth century Venice.

da Venezia: Locative surnames are also known in Venice at that time (although using "da Venezia" would be rather ridiculous in Venice, but a Venetian would likely to have been known by that outside of Venice). Id. Venice is well known to be a city existing in the sixteenth century. The construction of "da Venezia" follows the common patterns of such locatives. Id.
